January 2015

Dear Ben,

Welcome to our first 2015 issue and we wish a healthy and prosperous year for all our customers and friends.

## Complete Clinical Supply Partner

Alliance Contract Pharma has concluded our first successful "turn key" clinical supply requirement. ACP

manufactured, packaged, labeled, and distributed our customer's clinical supplies to both U.S. and European centers. We sourced all packaging components along with manufacturing the active and placebo liquid filled capsules.

Alliance Contract Pharma (ACP) is a contract manufacturing and analytical service group that delivers quality driven services to the health care industry. We listen to understand your needs and then provide the facilities and technical expertise to make your project successful.

We have an unwavering commitment to providing quality service that exceeds our client's expectations.

Sincerely,

Steve Schweibenz
